FOR IMMEDIATE RELEASE

Scandia Wind Southwest, LLC Announces the Mariah Project in Parmer County  
*smart energy. clean energy. today's energy.™*

BOVINA, TX – June 2009 – Scandia Wind Southwest, LLC, today's wind farm developer, continues to develop "smart energy. clean energy. today's energy."™ with the development of the Mariah Project in Parmer County.

The Mariah Project encompasses more than 200,000 acres with boundaries north to the Deaf Smith County Line, south to Road 3333, east to Highway 241, and west to Stateline Road. At approximately 3000 MW Farm, the Mariah Project will use 3 MW turbines.

"At Scandia Wind, we strive to combine success and experience with our desire to serve and provide consumers with dedication to clean energy. We are confident the Mariah Project will do just that," said Jim Bob Swafford, Scandia Wind CEO and resident of Bovina, TX.

With over 120 combined years of experience, the development of the Mariah Project wind farm is in the hands of a capable and trusted partner. The value added to projects is demonstrated by the track record of Scandia Wind Southwest's Scandinavian partners, Alpha Wind Energy Aps of Denmark and Havgul Clean Energy AS of Norway, as well as the regional financing network in the Midwest, USA.

Scandia Wind presents a bundled service of development, technical assessment, and facilitation of construction and permanent financing to deliver professionally developed wind farm projects on time and within budget.
